1st time up, SE ARIZ. EASY GOING,
HARD to find the way up, I hope
it's EASIER getting down. All that
I have with BOBO is my NAME in
this BOOK AND A LARGE pile of my
self UNDER SOME ROCKS, TIME to
GET DOWN AND GO TO WORK.

1st Time too, 1st multi-pitch.
All went well, I'm lucky to have
a good leader. Only a small prick
from a cactus to the worst imaginable
spot.

After a long dry spell of botched summit attempts, it's good to be back, and we didn't even need to sacrifice any headlamp batteries (yet?).

The rising hills, the slopes,
of statistics lie before us.
the steep climb of everything
going up, up
as we all go down.

In the next century,
or the one beyond that, they say,
are valleys, pastures.
We can meet there in peace
if we make it.

To climb these coming crests,
one word to you,
to you and your children:

STAY TOGETHER

GO LIGHT

Aimless, adrift ravens
at peace in flight - to where?
Aimless, adrift climber
seeking peace flight

Can you teach me, black shiny cousin?

3/26 At peace, not then before. How our minds
adds our reality. Climbing I look out upon
the stark, and beautiful landscape. Here with
ravens I hope that I too am with my
mate for life, our longest climb together
and we have overcome the challenges
so will we in the challenges of life.
