5-29-2000 - I moved to Tucson  
over a year ago & have always  
wanted to hike this peak.

I needed to clear my mind  
of some things, so I got  
a wild hair and decided to  
come here. It's amazing how  
a great day on a mountain can  
soothe one's mind. I think

I'll sit back and watch

Climbing is the end all. There is  
NO OTHER purpose in life.
